Here's where I'll stay
Hands on my throat
Nothing to do nowhere to go
Here's where I'll stay

But that's where I'll go
Started too fast
And finished too slow
Everythings right
But everythings wrong
Everythings wrong

Going nowhere
Going nowhere
Going nowhere
Here's where I'll stay
But that's where I'll go
Nothing to do
With nothing to show
Started too fast
And finished too slow
Everythings wrong
Going nowhere
Going
Nowhere
Going nowhere
