Green eyes, I'd run away with you  
Green eyes, 'cause I'm a fool  
I try running away  
I'm just not fast enough  
I'm just not fast enough  
My, my own friends  
Hate my guts  
So what? Who gives a fuck?  
Green eyes, I'd run away with you  
Green eyes, 'cause I'm a fool  
I try staying awake  
I'm just not man enough  
I'm just not man enough  
My, my own friends  
Hate me  
But I don't give a shit  
Sky high  
Will I fly high? Maybe  
Soar high, soar right through it  
Green eyes, I'd run away with you  
Green eyes, 'cause I'm a fool  
I try running away  
I'm just not fast enough  
I'm just not man enough  
I would try and understand  
I would try and understand  
That I'm to blame  
'Cause I'm so lame  
I'm just not man enough  
I'm just not man enough  
My, my own friends  
Hate me  
But I don't give a shit  
Fly high  
Will I fly high? Maybe  
Soar high, soar right through it
