Do you really wanna fuck with me putos?

[Verse 1]

Its party time so get the glocks for the cops we on a mission  
Lil Menace in the house so there ain't no competition  
I'm spitting on these putos trying to put me down  
You know this South Central gangster don't fuck around  
But as long as your giving me that love  
Represent the 1-3 and muthafuck the cops  
I'm hustling bank everyday its the same thing  
Some leva wants sum money see you later bang bang  
Cus Menace ain't gonna bow down to nobody  
No leva or a hoodrat can play me like a dummy  
But thats some shit you gotta learn  
Hold your own and don't get muthafucking burned  
Cus the city we live in is all about politics  
Tryna put my raza down kinda makes you sick  
But the SUL never die gangbangin for life  
Lil Menace in the house throwing up that Sur Side

[Chorus]

Rolling thru the calles and making money  
So don't you try to get me crazy  
Lil Menace puts it down for the 1-3  
Getting hynas all the time we straight party  
Southern Califas ride with me  
A lil cholo getting down for the homies  
So don't you try to get me crazy  
Familia Records is down for the 1-3

[Verse 2]

Its a S to the O to the U to the T to the H

Like the way that I spit my guns to all you levas  
You know whats up and you know I'm down for

All on my shit I just flow from the heart  
And you know I be lighting up a muthafucking spark  
In your neighborhood always up to no good  
Always rolling 13 deep in a fucking Chevy or a Cutlass
