You-hoo-hoo  
you've been gone for so long

I'm losing sleep  
look at what you're doing!  
And I-hi-hi  
yes  
I know that I was wrong

but I couldn't see  
see what I was losing.

Come back now  
baby  
little run-around  
little run-around

Little lost and found  
little lost and found  
yeah!  
Don't make me crazy

Just bring your body back home  
right here where you belong.

Whoa  
building a bridge to your heart

Whoa  
let's make a new start  
build a bridge to your heart.

I don't know what the future's gonna be  
good or bad

time won't be your saviour.  
And I can't give you no written guarantee

I won't make you sad  
but I'll be on my best behaviour.  
Look what you're doing when you put me down

when you put me down

Made me the clown  
made me the clown  
yeah!  
Look what you're doing

Just come on over and see just how much lovin's in me  
yeah!  
Whoa  
building a bridge to your heart  
...

Listen: I'll take you any way I can tonight

come back and satisfy my appetite.  
You gotta know you mean that much to me

To get you back  
you know  
I'll do anything.

Come back now  
baby  
just bring your body back home

Right here now  
baby  
where you belong.  
Whoa  
building a bridge to your heart  
...  
Whoa  
building a bridge to your heart  
...
