[Intro: Wax]

I'm just at the crib man  
Smoking that Asian fantasy  
Drinking them teacakes  
Thinking about how beautiful life is, man (check it out)

[Hook: Wax]

Smoke 'em if you got 'em  
We came to the top all the way from the bottom  
And I'm just trying to count my blessings  
I wouldn't leave here to go to heaven in a flying  
limousine  
Limousine  
A goddamn flying limousine  
In a flying limousine  
Limousine  
I wouldn't leave here to go to heaven in a flying  
limousine

[Verse 1: Wax]

I'm about to fire Hugh Hefner-Esq  
Feeling like I just found a huge treasure chest  
I used to never sweat death, now I trip about it  
This life's too good for me to even live without it  
It's so surreal  
And it ain't about the dough or the deal  
Its about the feeling in your soul that you feel  
When that little feeling in your soul becomes real  
Lady luck crept up on me like a crazy fuck  
Tapped me with her wand on the shoulder as a way of  
making up  
For the tears that have poured the years I've endured  
When anxiety and fear left me floored  
The stress would creep from down under like koala  
bears  
Had me gritting my teeth and pulling out my noggin  
hairs  
But now, through some type of dumb luck  
I've come up and I'm awestruck  
By my surroundings

[Hook]

[Verse 2: Wax]

So never say never  
The pain from the past makes the pleasure way better

You gotta feel the lowest lows to get the highest highs  
Blow your nose, dry your eyes  
Open roads waiting and its time to drive  
Isn't it scenic after  
All the world is small why are you trying to see it faster  
Beautiful woman hitchhiking while you're speeding  
past her  
Pick her up and take a visit in the greener pastures  
The road of life is bumpy like cobblestone  
Pothole, problem prone  
Seatbelt digging in your collar bone  
But you are not alone  
Standstill traffic even in the no stopping zone  
The slow lane will never be your own lane  
Merge left and get the fuck up off the road mayne  
Me and eom are in our own plane  
Look directly up and see us at the window saying  
[Hook]
