Wax - The Promise

Leaves are falling green and gold
Changing of the season
Safe and warm against the cold
Within our house new life unfolds

These are the promised days
From cradle to the grave
This is the special time
In which the light will shine

Welcome to the human world
Filled with love and hatred
Some are rich and some are poor
Unto this world our child is born

CHORUS

He's coming
She's coming
Someone to build a new world for us
He's coming
She's coming
To keep the promise in all of us

Heed the warning wind that blows
Ignorance and evil
Reaps the harvest that we sow
Crush the flower where it grows

CHORUS

He's coming
She's coming

Railroad to Heaven (1989)
(Gold/Gouldman)

We're gonna take a trip to some new destination
I got a pair of tickets for a dream tonight

You don't know what love is like
Baby till you ride on the good love line

'Cause we'll be travellin' on a train to Paradise
Won't you pack your bags and ride the
Railroad to heaven
Steamin' through the dark
Get on the right track baby
Choo-choo round my heart
Woo-woo-woo woh yeah

I wanna be your driver wanna be your conductor
Make a reservation on the Love Express
My heart is just speedin' away
'Cause our love is like a runaway train
I don't ever want to slow this motion down

Baby we're just ridin' on the
Railroad to heaven
Steamin' through the dark
Get on the right track baby
Choo-choo round my heart
Woo-woo-woo woh yeah

Passin' cars and countin' stars
We'd watch the world go by
Let's make a locomotion
Shakin' up the floor
Just give me a little signal now Honey
All on board Ha!

Railroad to heaven
Steamin' through the dark
Get on the right track baby
Choo-choo round my heart
Woo-woo-woo woh yeah
