One more day, one last look
Before I leave it all behind
And play the role that's meant for us
That said we'd say goodbye
One more night by your side
Where our dreams collide
And all we have is everything
And there's no pain there's no hurt
There's no wrong it's all right
If I promise to believe will you believe
That there's nowhere that we'd rather be
Nowhere describes where we are
I've no choice, I love you
Leave, love you wave goodbye
And all I ever wanted was to stay
And nothing in this world's gonna change, change
Never wanna wake up from this night
Never wanna leave this moment
Waiting for you only, only you
Never gonna forget every single thing you do
When loving you is my finest hour

Leaving you, the hardest day of my life

The hardest day of my life

I still breathe, I still eat

And the sun it shines the same as it did yesterday

But there's no warmth, no light

I feel empty inside

But I never will regret a single day

I know it isn't going to go away

What I'm feeling for you

I will always love you

Leave, love you wave goodbye

And all, and all I ever wanted was to stay

Nothing in this world's gonna change...

Never wanna wake up from this night

Never wanna leave this moment

Waiting for you only, only you

Never gonna forget every single thing you do

When loving you is my finest hour

I never knew I'd ever feel this way

I feel for you...

Never wanna wake up, I feel for you, from this night

Never wanna leave this moment

Waiting for you only, only you

Never gonna forget every single thing you do

When loving you is my finest hour

Leaving you, the hardest day of my life...

Never wanna wake up from this night
