Every time I see you  
That I think why'd I let you go  
Obviously didn't see your woman's worth, no, no  
And every time I'm near you  
Wishing I could just hold you  
But I still see in you how much it hurts, baby

I'm trying to let you know  
But it's getting too difficult  
I get close to you and I feel the pressure  
So I give up  
I don't wanna just be friends  
Wonder can we start again  
All over, go back to square one

[Chorus]  
'Cause it's these cold nights  
That make me feel warm to your love  
Even though it's not mine  
It's these cold nights  
That make me realise you're the one for me  
Your love I need, oh

Then I see you holding him  
People tell me that's your new man  
How can it be that you're not here with me  
I try expose my feelings to you  
But it never comes out the way I plan it to  
Still hooked up on you

All my friends say let it go  
You left, that's your own fault  
I hear what you're saying  
But I just can't give up, oh no  
I don't wanna just be friends  
Wonder can we start again  
All over, go back to square one

[Chorus]  
'Cause it's these cold nights  
That make me feel warm to your love

Even though it's not mine  
It's these cold nights  
That make me realise you're the one for me  
Your love I need, baby

Whoa, whoa, hold up, babe  
Tell me can we start again  
Whoa, whoa, hold up, babe  
I don't wanna just be friends  
Whoa, whoa, hold up, babe  
Tell me can we start again  
Whoa, whoa, hold up, babe  
I don't wanna just be friends

[Chorus]  
'Cause it's these cold nights  
They make me feel warm to your love  
Even though it's not mine  
It's these cold nights  
That make me realise you're the one for me  
Your love I need, baby

[Chorus]  
'Cause it's these cold nights  
That make me feel warm to your love  
Even though it's not mine  
It's these cold nights  
That make me realise you're the one for me  
Your love I need

[Chorus]  
'Cause it's these cold nights  
That make me feel warm to your love  
Even though it's not mine  
It's these cold nights  
That make me realise you're the one for me  
Your love I need, oh
