You know that theres one thing on my mind,
But I just don't care,
Take off our underwear,
Everybodys says that you're unkind
Cos' you get around,
I've seen you in town.

But I just can't get you off my head,
And I didn't want you there in the first place,
Should I repeat what I just said?
No you don't care, no you don't worry..

It started out with just a little dance,
But then you took my hand,
Knew I'd understand,
I wasn't sure if I should take my chance,
But then you gave the grin sooo,
I just dived in.

And I just can't get you off my head,
But I didn't want you there in the first place,
Should I repeat what I just said?
No you don't care, no you don't worry..

I know I'll get caught up in your traps,
Sometimes, but I'll be fine,
I know I'll get caught up in your traps,
Sometimes, but I'll be fine,
I know I'll get caught up in your traps,
Sometimes, but I'll be fine,
I know I'll get caught up in your traps,
Sometimes, but I'll be fine.

But I just can't get you off my head,
And I didn't want you there in the first place,
Should I repeat what I just said?
No you don't care, no you don't worry..
