Hello, my old friend
Its so nice to meet you, I hope that you're there when I
When I win in the end
You think you're so clever its now or its never, oh
And I hope you'll be there
(Yeah I hope you'll be there)
Oh, I hope you'll be there, now
Well, I'll be there for you
I'll be there for you
I'll be there for you

Hello my old friend
Its so nice to meet you, I hope that you're there when I
When I win in the end
You think you're so clever its now or its never, oh
I hope you'll be there
(Yeah I hope you'll be there)
Oh, I hope you'll be there
(Yeah I hope you'll be there)
Like I'll be there for you
Like I told you
Like I'll be there for you
I'll be there for you

And I hope you'll be there
(Yeah I hope you'll be there)
Oh, I hope you'll be there
(Yeah I hope you'll be there)
Like I'll be there for you
Like I told you
Like I'll be there for you
I'll be there for you
