I left today
My head was clear
I took the only road I knew
away from you, away from here
It's hard to say who's wrong or right
The one who picked the poison fruit
or the stupid punk who took the bite

Some great friend you turned out to be
I should have kept you close
like my enemies

For my revenge, my friend
I wish you love and life you never knew
For my revenge, my friend
All the karma will come back to you

The road to Hell is paved with gold
It's full of wrong turns, dead end deals
And all the lies I bought and sold

And I gave everything to you
Been whored-out kicked around and used
I hate to think who's whoring you

Some great friend you turned out to be
I should have kept you close
like my enemies

For my revenge, my friend
I wish you love and life you never knew
For my revenge, my friend
All the karma will come back to you

Revenge

You never cared that much
that you'd ever stop to think
About all the fucked up shit
that you ever did to me
I hope this letter finds you well and on the mend

While choking on the dust
that I left in my revenge
A washed up hypocrite with Napoleonic stare
Your lies will lose their weight
before you ever lose your hair
I hope this song reminds you
how not to treat a friend
While the prayers begin to save you
in the wake of my revenge

For my revenge, my friend
I wish you love and life you never knew
