(Chorus)

The dick the dick that's in your mouth
long and hard (let me take my dick out insert it in a
mouth)

The dick the dick that's in your mouth
long and hard (let me take my dick out insert it in a
mouth)

The dick the dick that's in your mouth
long and hard (let me take my dick out insert it in a
mouth)

The dick the dick that's in your mouth
long and hard (let me take my dick out insert it in a
mouth)

The dick the dick that's in your mouth
long and hard (insert it in a mouth)

The dick the dick that's in your mouth
long and hard (insert it in a mouth)

The dick the dick that's in your mouth
long and hard (insert it in a mouth)

The dick the dick that's in your mouth
long and hard (insert it in a mouth)

(Lord Infamous)

Scarecrow loves you bitches with them pink lips
Wrap your mouth around and hoe please don't trip
You told me bitch that you can make your tounge
dance
We'll bitch let that muthafucka dance down my pants
Ohh hoe I know you wanna choose me
Let's make this a porno movie
I told you on the last song bitch what's up
You don't remember it was lick my nuts lick my nuts
It feels so good when you lick all around it
You wanna know what makes me happy
Bitch you found it
You think that Lord Infamous is gonna dis you
You're a dick suckin bitch I wanna kiss you
And if you talkin bout some muthafuckin downtown
I will beat yo ass all the way to downtown
So open your mouth darlin go ahead and do the job
I want my dick in your mouth long and hard

The killa man loves you bitches who love to suck dick
I tell you what I'm a lay back and let you take a lick
Open all wide and get ready to swallow the dick whole
And later maybe I'll take you take it out and let you lick
the feet hoe
Me get a rush I feel like ? in my guts
Approaching the dick don't stop now the nuts are about
to bust
All in your face how do it taste do you like the shit
Then maybe one day we can hook up and have a part 2
bitch
No we can't be together hoe
So don't even ask
You wanna be my trick then you gotta pass another
task
It's a million more niggaz in the triple six
That means a million more dicks for your lips to grip
You think you up to it
Here we gonna do it
Let's meet at 6 o'clock
You gotta lots pants to rock
And with them triple six niggaz there is no holds barred
You gotta swallow the dick long and hard
