Got some books but I got no brain, I said I try my heart  
it's far too vain  
Got my house, but I lost my home, I said without you  
I'm all alone  
Got my bed, but I can't sleep, because your love I just  
can't keep  
Got a license, but I got no car, I said without you I won't  
get far  
I got a phone but you don't talk just what to say, forget  
it all  
I got burned and lost my pride, I said without you right  
by my side  
Got a job, but I make no pay I said it doesn't matter  
anyway  
Got no girl to spend it on I said without you my goes on.

You took my love and then you threw it through the  
door  
But for some reason I keep coming back for more  
You said you'd always love me, love me, love me.  
Those words you said they keep ringing in my head  
Revolving round and a bringing me down  
I can't replace the memory of you love, I love you.  
Got some books but I got no brain, I said I try my heart  
it's far too late  
Got my house, but I lost my home, I said without you  
I'm all alone  
Got my bed, but I can't sleep, because your love I just  
can't keep  
Got a license, but I got no car, I said without you I won't  
get far  
I got a phone but you don't talk just what to say, forget  
it all  
I got burned and lost my pride, I said without you right  
by my side  
Got a job, but I make no pay I said it doesn't matter  
anyway  
Got no girl to spend it on I said without you my love  
won't go.

Without you, without you, my love goes on, without you,

Without you, without you, my love goes on
