I gave a girl a ride in my wagon  
She crawled in and took control  
She was tired 'cause her mind was a draggin'  
I said, "Get some sleep and dream of rock and roll"

Like a picture she was layin' there  
Moonlight dancin' off her hair  
She woke up and took me by the hand  
She's gonna love me in my Chevy van  
And that's alright with me

Her young face was like that of an angel  
Her long legs were tanned and brown  
Better keep your eyes on the road son  
Better slow this vehicle down

'Cause like a picture she was layin' there  
Moonlight dancin' off her hair  
She woke up and took me by the hand  
She's gonna love me in my Chevy van  
And that's alright with me

I put her out in a town that was so small  
You could throw a rock from end to end  
A dirt road main street, she walked off in her bare feet  
It's a shame, I won't be passin' through again

Like a picture she was layin' there  
Moonlight dancin' off her hair  
She woke up and took me by the hand  
We made love me in my Chevy van  
And that's alright with me

'Cause like a picture she was layin' there  
Moonlight dancin' off her hair  
She woke up and took me by the hand  
We made love me in my Chevy van  
And that's alright with me
