(Waylon Jennings - Fred Carter)

Girl I can tell you're trying to work it out  
Tryin' to get a handle on what life is all about  
Between womanhood and nursery rhymes  
Tryin' to find the truth in lovers lies  
Girl I can tell you're trying to work it out.

Girl I can see you're wantin' to give it a try  
Taking all the good and the bad the truth and the lies  
Feelings inside you, you can't talk about  
Feelings have a way of not comin' out  
Girl I can see you're trying to work it out.

--- Instrumental ---

Between womanhood and nursery rhymes  
Looking for the truth in lovers lies  
And the ties that bind the things that last through time  
Girl I can tell you're trying to work it out...
