I called you on the phone to say I love you  
That I stop by for you at nine  
My heart broke when you said that it's all over  
Someone else would take up all your time

And that's a lot of heartaches for a dime  
I'll never know what made you change your mind  
I only know I've held you close and kissed you my last  
time  
That's a lot of heartaches for a dime

I went downtown to join the merry makers  
I told myself that here's where I belong  
I thought that I was doin' fine without you  
And then I heard somebody play our song

And that's a lot of heartaches for a dime[unverified]  
That's a lot of heartaches for a dime
