(Troy Seals - Max D. Barnes - Waylon Jennings)

I've had a lifetime of mem'ries like you
I couldn't get over even if I wanted to
It's really not somethin' I don't wanna do
But I've got heartaches older than you.

I've seen that kind of look in other eyes before
This time may be different I'm not sure
Do you really understand what your young heart
desires
If you're just playin' around you're playin' with fire.

I've had a lifetime of mem'ries like you
I couldn't get over even if I wanted to
It's really not somethin' I don't wanna do
But I've got heartaches older than you.

--- Instrumental ---

I've had a lifetime of mem'ries like you
I couldn't get over even if I wanted to
It's really not somethin' I don't wanna do
But I've got heartaches older than you...
