I?m gonna change my ways of doing things around
here
I?m turning over a new leaf gonna get myself in gear
?Cause I?ve got a woman who?s better than most
And I?ve made a mess of her plans
So startin? today all I?m gonna be is her man

I?ve been a wild catter and a go go getter
Been an SOB right down to the letter
I?ve had misadventures I even got pictures
Of even more than I can stand
So startin? today all I wanna be is her man

I?m gonna give it all back cause all I?ve done is take
I?ve put her on the back burner while I was out on the
make
But I?ve got a woman who?s good enough to give me
A second chance again
So starting today all I?m gonna be is her man

I?ve been a wild catter and a go go getter [unverified]
Been an SOB right down to the letter
I?ve had misadventures I even got pictures
Of even more than I can stand
So startin? today all I wanna be is her man

I?m a little bit late but I?m wise enough
I?m taking her by the hand
Startin? today all I wanna be is her man
