So long to you  
Hope I don't make you blue  
I think I'm gonna kill myself  
I think I'm gonna kill myself

Apart we've grown  
Now I can't go on alone  
I think I'm gonna kill myself  
I think I'm gonna kill myself

Now dig my grave with a silver spade  
A gold chain lay me down and down  
Send my remains to my best friend  
The rest to my hole in the ground  
Send the rest to my hole in the ground

I bow my head, 'cause in the mornin'  
I'm a gonna be dead  
I think I'm gonna kill myself  
I think I'm gonna kill myself

Now dig my grave with a silver spade  
A gold chain lay me down  
Send my remains to my best friend  
The rest to my hole in the ground  
Rest to my hole in the ground
