I've been down the Mississippi  
Down through New Orleans, yes I have  
I've played in California  
There ain't too much I haven't seen, no there ain't

Lord, I'm a ramblin' man  
Don't fall in love with a ramblin' man

Left a girl in West Virginia  
Up there where that green grass grows, yes I did  
Got a girl in Cincinnati  
Waitin' where the Ohio River flows, poor girl

I'm a ramblin' man  
Don't fall in love with a ramblin' man

You'd better move away  
You're standin' too close to the flame  
Once I mess with your mind  
Your little heart won't beat the same

Lord, I'm a ramblin' man  
Don't fool around with any ol' ramblin' man

Well, up in Chicago  
I was known as "Quiet Boy", yes I was  
Down in Alabama  
They call me "The man of joy", they still do

Lord, I'm a ramblin' man  
Don't fall in love with a ramblin' man

You'd better move away  
You're standin' too close to the flame  
Once I mess with your mind  
Your little heart won't beat the same

Lord, I'm a ramblin' man  
Don't fool around with any ol' ramblin' man
