Mail-man makes his route  
Angry wife will shout  
Be glad when 8'o clock comes  
when shes alone.  
husband walks away  
to face a tiring day  
sad hearts weep, babys sleep  
but life goes on

life goes on for the living  
givers go on giving  
takers are takin'  
makers are makin'  
soon a new day is born  
but life goes on

wisemen go on learnin'  
dreamers go on yearnin'  
waitin' for an easy life to call their own

somewhere a baby is born  
makin a cold heart warm  
'nd old friends die  
'nd sad friends cry  
but life goes on

life goes on for the living  
givers go on giving  
makers are makin'  
takers are takin'  
soon a new day is born  
and life goes on..

.....whoop whoop, whoop whoop.....
