Well, I make it alright  
From Monday morning till Friday night  
Oh, those lonely weekends

Since you left me  
I'm as lonely as I can be  
Oh, those lonely weekends

Said you'd be true to me  
You said our love's never gonna die  
Said you'd be true to me  
But baby, you didn't even try

I'll make it alright  
From Monday morning till Friday night  
Oh, those lonely weekends

You said you'd be true to me  
You said our love's never gonna die  
Said you'd be true to me  
But baby, you didn't even try

I'll make it alright  
From Monday morning till Friday night  
Oh, those lonely weekends

Oh, those lonely weekends  
Oh, those lonely weekends
