Written by Waylon Jennings

Chorus:

I'm looking for a feeling
That I once had with you
Looking for a feeling
I have grown accustomed to
I've had love and I've had lovers
But they never seem to do
I keep looking for a feeling
That I lost when I lost you

Verse:

I said when it was over
I'd be over you in time
Because nothing lasts forever
It's all a state of mind
I found one love I'll find another
Heaven knows how hard I've tried
But there's something always missing
Something never satisfied

Chorus bis:

I keep looking for a feeling
That I once had with you
Looking for a feeling
I have grown accustomed to
I've had love and I've had lovers
But they never seem to do
I keep looking for a feeling
That I lost when I lost you
