So long I've been trying to give you the things that
you've wanted
But your thirst for riches is more than my pockets can
stand
And I know that you're dreaming of things you could
have with another
?Cause to your way of thinking, the money is what
makes the man

You like to be seen in the richest and finest of places
You're always embarrassed by the calluses here on my
hands
And I know that it's only a matter of time till you leave
me
?Cause to your way of thinking, the money is what
makes the man

You may find a rich man to give you the things that you
long for
But if you're still lonely then, darling, you may
understand
That with all of his gold, he can't give you the love that I
gave you
For a man can make money but money cannot make
the man

You may find a rich man to give you the things that you
long for
But if you're still lonely then, darling, you may
understand
That with all of his gold, he can't give you the love that I
gave you
For a man can make money but money cannot make
the man

A man can make money but money cannot make the
man
