(chorus)

Oh rainy day woman
I've never seem to see you for
the good times or the sunshine
You have been a friend of mine
rainy day woman

That woman of mine she ain't happy
Unless she finds something wrong
and has someone to blame

If it ain't one thing
it's another one on the way

I woke up this morning to the sunshine
It sure as hell looks just like rain
but I know where to go on a cloudy day
