(Jessi Colter - Basil McDavid)

Jessi

It's a rainy seasons for broken hearts everybody gets a  
turn

Choose your number and wait in line here comes yours

Round and round and round we go lucky like

You can play with fire and you won't get burned oh  
what a lie.

I can't think I can't eat I have trouble fallin' asleep

Since I met you since I met you

You sure turned my head around my whole world is  
upside down

Since I met you Since I met you.

It's a rainy season for broken hearts everybody gets a  
turn

Choose your number and wait in line here comes yours

Round and round and round we go lucky like

You can play with fire and you won't get burned oh  
what a lie.

I can't think I can't eat I have trouble fallin' asleep

Since I met you since I met you

You sure turned my head around my whole world is  
upside down

Since I met you Since I met you...
