Visit "[Small Packages](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Tall, don't always mean bigger  
Short, don't ever mean small  
If you make up your mind you never can tell  
You could be the biggest and the bestest of all

'Cause some things come in small packages  
Sometimes heroes do too  
If you have the courage and you have the heart  
That hero just might be you

Loud, don't always mean stronger  
Shy, don't ever mean weak  
The less you can say sometimes can mean more  
If you choose to use the right words to speak

'Cause some things come in small packages  
Sometimes heroes do too  
If you have the courage and you have the heart  
That hero just might be you

Some things come in small packages  
Sometimes heroes do too  
If you have the courage and you have the heart  
That hero just might be you
