I know a gal who loves me more than life,  
I know a gal who loves me more than life  
I know a gal that loves me like a brother,  
She's my little ol' younguns mother, she the wife.

Chorus:

Drink up boys, let's have a little toast  
To the queenie of our life  
You can't do with 'em and you can't do without 'em  
So here's to the wife.

Army stories and Navy jokes sounds trife  
Army stories and Navy jokes sounds trife  
Navy jokes can't make me laugh  
'Cause in my wallet there's a photograph of the wife.

Chorus:

Drink up boys, let's have a little toast  
To the queenie of our life  
You can't do with 'em and you can't do without 'em  
So here's to the wife.

Wine, women and song that's alright  
Wine, women and song that's alright  
Well, it's alright if you sing 'em and freeze  
You're in trouble if you're like me and got the wife.

Chorus:

Drink up boys, let's have a little toast  
To the queenie of our life  
You can't do with 'em and you can't do without 'em  
So here's to the wife...
