Yellow haired woman good for nothing empty headed  
Most lovely creature that I've seen  
With lips that kiss with such a fiery stain  
Many times I've dreamed of leaving my life behind  
knowin' all the while  
I'm a victim of the smile of this yellow haired woman  
[ guitar + harmonica ]  
Yellow woman flows across this rich satin bed  
Magnificed of perfect feature leaving nothing left  
unsaid  
As I listen to her breathing suddenly I find no escape  
I'm weary kind  
Who sets it up my mind it's this yellow haired woman  
[ guitar + harmonica ]  
Many times I've dreamed of leaving my life behind  
knowin' all the while  
I'm a victim of the smile of this yellow haired woman
