Your heart is tearing us apart
Shoot first you know its gonna hurt
The blood flows for what I'll never know
Your poor heart is tearing us apart

You're a beautiful soul in a beautiful world
But the world was left behind
And I know its so right, and it hurts its so right
It'll hurt till the day we die

You're a beautiful soul in a beautiful world
But the world was left behind
And I know its so right, and it hurts it so right
It'll hurt till the day we die

Your heart is tearing me apart,
Your heart is tearing me apart.
