

## Waylon Jennings & Willie Nelson "Lookin' For A Feeling"

I'm lookin' for a feeling that I once had with you  
Lookin' for a feeling I have grown accustomed to  
I've had love and I've had lovers but they never seem  
to do  
I keep lookin' for a feeling that I lost when I lost you

I said, when it was over I'd be over you in time  
Because nothing lasts forever, it's all a state of mind  
I found one love I'll find another, heaven knows how  
hard I've tried  
But there's something always missing, something  
never satisfied

I keep lookin' for a feeling that I once had with you  
Lookin' for a feeling I have grown accustomed to  
I've had love and I've had lovers but they never seem  
to do  
I keep lookin' for a feeling that I lost when I lost you
