Baby there's no one else around
So what you say
we go in the back making brand new sound
I'll do you all night all day I'm go away
I'll give you just enough until you beg me to stay

chorus:

Let me make sweet love to you baby
Make you scream
and shawn till your in side out

It seems to me you ain't got no problem tonight
And why your spot just will glow get on with the show
satisfaction flashing action
Baby let go..

chorus:

Let me make sweet love to you baby alright
Make you scream
and shawn till your in side out
Inside out..

Let me make sweet love to you baby..
Let me make sweet love
Make you scream
and shawn till your in side out
In side out -(untill it fades)-

Baby there's no one else around
So what you say
we go in thee back making brand new sound
All do you all night all day I'm go away
I'll give you just enough until you beg me to stay

chorus:

Let me make sweet love to you baby
Let me make make sweet love
Make you scream

and shawn till your in side out
Till your inside out..

Let me make sweet love to you baby
Let me make.. let me make.. let me make
Make you scream
and shawn till your in side out
In side out.. In side..
