Well tonight I'm in love with all the lovers  
With their loose hips  
And oh pouty lips  
Yeah just for tonight  
Forget all those sad song

Because I know in my heart  
It's gonna be alright  
Yeah in my heart  
We're gonna be alright, alright?

In those dark places  
When no one belongs  
Well have been shattered  
And thrown to the wolves

And the flowers  
Might have gone out with the trash  
But we still got some time  
Oh we'll shine some light

So tonight  
For the hunted and the hunted  
And the wild and the hooks  
Oh and the thieves

We may be restless  
But lord, lord we are willing  
Please don't let us, oh we misunderstood  
For those hard times have already gone

So listen  
I aint living no long lonesome nights  
I've stopped calling that woman my wife  
Yeah I see light at the end of this storm leading home

And I thank you  
And I thank you  
Yes I thank you

And there's a darkness

That stalks all the footsteps  
Of those who been burned, worn out and frayed  
But with madness  
Oh they must come for (??)  
As we dance oh and kick this night away

So tonight  
I'm in love with all the strangers  
hand in hand both side by side  
Yeah just for tonight  
Oh we'll pretend that no one  
Ever died walking those long hopeless drives  
Yeah never died walking those long lonely strides

So celebrate  
We are lovers  
And we are fighters  
So celebrate  
To live one more hour  
Oh so celebrate  
All your friends and your fuckers

'Cause I know in my heart it's gonna be alright  
I aint living no long lonesome nights  
I've stopped calling that woman my wife  
Yeah I see light at the end of this storm leading home

And I thank you  
And I thank you  
Yes I thank you
