You blew fire in my heart when I was found
Oh you leant me coffins oh and laced them with doubt?
Oh and how I did lick oh, that spot on your neck
Then sent shivers up under your dress
And moved light of the sun and suck up life from my
love

So kiss me please kiss me I'm done turning blue
Oh and I'm headed to the darkness I'm on the loose
Oh lover oh simply won't lay down and die

Oh vampires you can suck out the blood
But you can't kill the heart of my love

Oh vampires you can suck out the blood
But you can't kill the heart of my love

Oh creatures in flight
Lets be creatures of the night
Creatures in flight
Lets be creatures of the night
Creatures in flight
Lets be creatures of the night

You can suck out the blood
But you can't kill the heart of my love
