"Fear Of Heights"

is you and us now
We try to hide somehow
I come to ..my fear of heights
But I got plans for ..
I don't think they will understand
Time has come now ...
I am coming home
But I don't know when
I am fearless since I have gone
.. let's take it
My fear ..
I fear for let's taking
My fear ...
This is my way of running free
I want you back inside my dreams
Cause I come to lose my fear of heights
But I got plans ...I am coming home

But I don't know when
I am fearless since I have left
Don't wait for me
.. let's take it
My fear ..
I fear for let's taking
My fear ...

I am coming home
But I don't know when
I am fearless since I have left
Don't wait for me
.. let's take it
My fear ..
I fear for let's taking
My fear ...
