You know I can't smile without you
Can't smile without you
I can't laugh and I can't sing
I just can't smile

I feel sad when your sad
Feel glad when your glad
If you only knew what I'm going through
I just can't smile, without you

You came along just like a song
And brightened my day
Who'd believe that you were part of my dreams
Now it all seems light years away

Now you know that I can't smile without you
Can't smile without you
I can't laugh I can't sing
Finding it hard to do anything

I feel sad when your sad
Feel glad when your glad
If you only knew what I'm going through
I just can't smile, without you

Some people say that happy this way
That's so very hard to find
Well I find it hard
Leaving your love behind me

I can't smile without you
Can't smile without you
If you only knew what I'm going through
I just can't smile

I can't smile without you
Can't smile without you
If you only knew what I'm going through
I just can't smile

I just can't smile without you

I can't smile without you
If you only knew what I'm going through
I just can't smile

I can't smile without you
Can't smile without you...
