All of our friends keep saying we should be more social
'Cause we keep to ourselves most of the time
They just don't understand what we've got going on
'Cause a love like this is so hard to find

Don't wanna live by no one else's designs
Though every day ain't glamorous, to me it's just fine
Unperfect the way that we are

Nothing ordinary 'bout the way I feel
Nothing un-extraordinary this is real
Don't need to reach for the stars
Happy here on earth in our beautiful ordinary life
I love my beautiful ordinary life with you

Why don't we spend the day, doing a lot of nothing?
'Cause anything's alright long as I'm with you, baby
We don't need special plans, don't need no
reservations
'Cause my favorite place is right here with you

Don't wanna live my life any other way
'Cause baby, it's the simple things that can't be
replaced
Unperfect the way that we are

Nothing ordinary 'bout the way I feel
Nothing un-extraordinary this is real
Don't need to reach for the stars
Happy here on earth in our beautiful ordinary life
I love my beautiful ordinary life with you

Like watching you sleep
The way that you paint your toes
The crazy way we, count to three before
We hang up the phone
See the life that I live, is so much better
Girl, when you're here with me
Nothing, nothing

Nothing ordinary 'bout the way I feel
Nothing un-extraordinary this is real

Don't need to reach for the stars
Happy here on earth in our beautiful ordinary life
I love my beautiful ordinary life
I love my beautiful ordinary life with you
