[Romeo]

Sugar I just want to kiss you

Baby I just want to kiss you

Skin is so soft

Turn the lights off

And is your lips

Waiting for this

Moment for days

Touching your face

Massaging your hair

Keep it right there

Take it slow, take it slow

Cuz I don't want to miss a thing

Yes in time you will find

It don't get much better than this

[Chorus]

I just wanna kiss you (kiss you)

I just wanna hold you tight now

Pretty little thing

Slow dance with me

I just wanna hold you tight now

[Sassey]

Baby I just gotta kiss you

I just wanna hold you tight

You sexy little thing

Slow dance with me

I just wanna hold you right now

[Sassey]

When you place your hand across my shoulder

And you wrap you arms around my waist

Nothing's gonna change to the music stop

Until till then I must say

The way you're looking at me

Says "Take you home with me."

But I'm way to sassy

Not playing, but that's how its got to be

[Chorus]

[Chorus]

I just wanna kiss you (kiss you)
I just wanna hold you tight now
Pretty little thing
Slow dance with me
I just wanna hold you tight now

[Sassey]

Sugar I just gotta kiss you
I just wanna hold you tight
You sexy little thing
Come dance with me
I just gotta hold you right now

[Bridge]

Keep it slow
ooooohhh yeah
Keep it slow baby
OOOHHHHHH yeah.....
Keep it slow
Don't let it go
OOOHHHHHH yeah.....
OOOHHHHHH yeah.....
Kiss you

[Repeat Chorus]
