It's stormy tonight

The rain's comin' down

There's no place for me to go to

My gal said goodbye, alone am I

With the freight line blues

My clothes are all wet

Had to crouch in the cold

Waitin' by the Sante Fe lines

My prides all but gone

My hearts torn in two

From that woman that left me behind

(Refrain)

The rain drops keep fallin'

And so do my tears

Will I hurt her or what will I do

All alone on these rails

With no train in sight

With the freight line blues

[Interlude]

(repeat refrain)

With the freight line blues
