Oh Lea Ann

My sweet Lea Ann

I yours you're mine

And it's so grand

Let the storm clouds gather

Like they used to

Outside the rain is fallin'

Inside I dream of you

You're the sun

That satisfies my soul

You're the touch of spring

To keep me from the cold

(Refrain)

I never thought I'd live

To see those happy days

I hope you're mine

Lea Ann always

[Interlude]

(repeat refrain)
