Well I'm a man of the road and the highway is my home

Coast to coast there ain't a route that I ain't drove

Well I'm goin' to Kansas City, headed up the 35,

Then I'm off to Minnesota, that's one hell of a drive

Well I'm a man of the road and the highway is my home

It doesn't matter if it's Jersey, some town way out west

Don't care how far I'm goin' 'cause it's the life that I like
best

I've got an idea where I'm headed, just itchin' to go

So give me my guitar and I'll roam

Well I'm a man of the road and the highway is my home

From coast to coast there ain't a route that I ain't drove

Well I'm goin' to Kansas City, headed up the 35,

Then I'm off to Minnesota, that's one hell of a drive

Well I'm a man of the road and the highway is my home
