We three, we're all alone

Living in a memory

Well that's my echo, my shadow, and me

We three, we're not a crowd

We're not even company

Well that's my echo, my shadow, and me

What good is the moonlight

The silvery moonlight that shines above?

I walk with my shadow

And talk with my echo

But where's that gal I love?

We three, we'll wait for you

Even till eternity

Well that's my echo, my shadow, and me

(ah, take it boys, take it away)

What good is the moonlight

The silvery moonlight that shines above?

I walk with my shadow

And talk with my echo

But where's the one I love?

We three, we'll wait for you

Even till eternity

Well that's my echo, my shadow, and me

We'll be there a waitin'

That's my echo, my shadow, and me
