I have fallen for another she can make her own way
home!
And even if she asked me now I'd let her go alone,
I useta see her up the chapel when she went to Sunday
mass,
And when she'd go to receive, I'd kneel down there
An' watch her pass, The glory of her ass!

Chorus

I useta to love her, I useta love her once!
A long, long time ago,
I useta to love her, I useta love her once!
A long long time ago,
It's gone , all my lovin' is gone!
It's gone , all my lovin' is gone!

D'you remember her collecting for concern on
Christmas eve?
She was on a forty eight hour fast just water and black
tea.
I waltzed right up and made an ostentatious
contribution,
And I winked at her to tell her I'd seduce her in the
future!
When she's feelin looser, looser.

Chorus

So now you know the truth of it she's no longer my
obsession.
Though the thoughts and dreams i had of her would
take six months in confession!
See i met this young one Wednesday night and she's
inta free expression,
For her mission is to rid the world of this sinful
repression!
Then we had a session.

Chorus (X2)

It's gone , long , long gone!
I have fallen for another and she can make her own
way home!
