Well, you know that I wish
That I could be the one
To pick you up when you fall,
But I can't do it,
Don't know if anybody can,
But I wish that I could be the one
To be there if you need someone around

Someone out there,
She's waiting for me
And I know that she will come around
Someone out there,
She's waiting just for me
To come around and speak the truth

[chorus]
We're not 'out'
We're not 'in'
We're not comfortable
We just don't fit in
