Yeah, ballad of a dead soulja

Its just the balled of a dead soulja

This is the ballad of a dead soulja

Ballad of a dead soulja

[Verse 1]

The plan

to take command of the whole family

Though underhanded

to be the man it was planned

all my road dogs

official mob figures

love to act up

the first to bomb when we rob niggaz

I could be

lost in my own mind

to be the boss only thoughts

grippin chrome nines

niggaz get tossed up

war scars battle field memories

swore saw the devil in my empty glass of Hennessey

talking to a nigga on the tight leash

screaming fuck the police

as I ride through the night streets

little child running wild

taught us danger

watch the corner

don't be alone death to all the strangers

maybe I'm a mad man

a pistol grabbing nigga

i meet the sand man

promise of merciless retaliation

nothing is colder

close your eyes

hear the ballad of a dead soulja

[Chorus]

(Thug for Life I will lead)

Its just the balled of a dead soulja

(A Life of Crime I will lead)

Close your eyes, hear the ballad of a dead soulja

(You play the game you play to win)

This just the balled of a dead soulja

(it's a crazy world full of sin)

Close your eyes

[Verse 2]

Completely lost

revenge at all costs

pay backs a bitch

switch now the tricks crossed

tossed up and never to be heard of

a single witness screaming bloody murder, murder

blast

tell me homey what ya see now

a blind man and a dead body

I'm meant to leave town

And get my cash though

Hook up wit Kastro

Homey had to blast on the task force

Stupid coppers tried to play us out

'member that

they took my money and my stash

time to get it them back

haha

I pull my secret arrival

two glock four-fives time for survival

death to my rivals

tell me what you want lord?

Nobody left after the death of a drug lord

haha

the situations critical

Nothing is colder

then hear the ballad of a dead souja

[Chorus]

[Verse 3]

Big coward put your hands to the moon

when my glocks rang out

the niggas came out

BOOM

who wanna see me in a challenge

so merciless I'm terrifying niggas in my ballad

do u feel me?

Capo a couple time

one day ill be the Don

until then I remain strong

my only fear of death is reincarnation

busting at my adversaries like a mental patient

To all my niggaz facing sixty years

Sheding tattoo tears

another suicidal on the peer

take a private plane

trying to survive the game

for all my homies that'll never be alive again

All they promised us is death nigga

take a breath could be the last one left nigga

its real now, uh

feel it and fantasies

ain't nothing colder

listen you can hear it, the ballad of a dead soulja

[Chorus]

This go out to Kato, Mentor

(This is the ballad of the dead soulja)

All the niggaz that have passed away

(Close your eyes, Ballad of a Dead Souljah)

Mutulu, Geronimo, Seyku

All the down ass ridahz

All the niggaz that put it down

All the souljaz

All the niggaz that go through that day to day struggle

(This is the ballad of the dead soulja)

All the niggaz that passed on

All the niggaz with ambition and money in their heart

All the niggaz want some and that dont take none,
hahaha

(This is the ballad of the dead soulja)

The police is so scared of us

All the feds, they don't hear us

They wanna see us dead,

They got pictures of a nigga hit

(Ballad of the dead soulja)

Try and see me in chains

Shit, them niggaz will never breath again

Before they put me in a cell they'll see me in hell

(Cos this Ballad of the dead soulja)

Got my pistols cocked

Run the whole mutha fucken block

Fuck the cops

The police, we run these streets nigga

(And this Ballad of the dead soulja)

Heh, these niggaz cant see me

Half the world wanna be me

Multi-millionare

Shit, it ain't fair

But nigga you know

It's the ballad of a dead soulja
