"Owe To You"

in case you didn't notice I find it hard to say how much
you mean to me. Cause if I did I'd promise and sell my
soul again so I'd rather leave it be.
I know it sounds absurd, the most silly thing you've ever
heard, but if you listen carefully you will know what goes
on with me!

Babe I can tell you not that you are all I got, but I owe to
you a lot and I say Babe, don't you get me wrong, you're
the one I want and I owe to you a lot.

I don't have to be a wise man
to know too many words can hurt before we get them
right. And if I seem reserved now, it's just because I
learned how to take it slowly sometimes. Now just
between you and me I don't believe what my eyes can
see. But if I take a look at you then I know what I gonna
do!
Babe..

Some might offer a happy life, forever love on the
saver side, I'm not offset for that.

In every song I can hear your laughter, in every movie I
can find your face, and I'm near shouting out "These
are better days" And I say: Don't be too surprised when
someday I say I love you... and I stay Babe!
