Lady (Lady) When you rock your body it drives me
crazy (Crazy)
Let you know you are my number one lady
Come out far, when your at home, headin out, home

Call me if you need me cause you know you got it right
We can do it baby, do it tonight
Even if I'm far I will be on the next flight
We can do it baby, do it tonight

Must be the way you love me (Must be)
Must be the way you hug me (Trust me)
Must be the way you thug me drive me crazy
I like the way you move it, I love the way you groove it
So anytime you want it, call me lady

Call me if you need me cause you know you got it right
We can do it baby, do it tonight
Even if I'm far I will be on the next flight
We can do it baby, do it tonight

Vacate, to paradise, Smirnoff, chillin on ice
Cd, from Kelly Price, we got the lover's choice
We can, do it all night, work it, till mornin light
Explode, like dynamite, we will be just fine

Call me if you need me cause you know you got it right
We can do it baby, do it tonight
Even if I'm far I will be on the next flight
We can do it baby, do it tonight

Do it, da da da da da da we can do it
Da da, we ca do it, do it, do it
We can do it (All night) do it, da da da da
We can do it, do it, do it

Call me if you need me cause you know you got it right
We can do it baby, do it tonight
Even if I'm far I will be on the next flight
We can do it baby, do it tonight
