Everybody knows everybody knows
The many times you've been in love before me
Everybody smiles, everybody smiles
There's gotta be another kind of story
Everybody knows everybody knows
How I feel about you
Everybody knows everybody knows
Everyone but you

Can't you hear the song that I'm singing
Can't you hear the words that I'm bringing home to you
This time, I laid it on the line
I need you to remind
Can't you hear my heart when it's breaking
Can't you see the scents when I'm baking
Take a look around and tell me what you found
When you hear the sound
Can't you hear the song that I'm singing
Won't you take the hand that I'm giving
I'm just talking of the simple song of love
? won't go wrong, can't you hear the song

Everybody knows everybody knows
I'm running round in circles tryin to find you
Will you ever learn, will you ever learn
The one you really need is behind you
Everybody knows everybody knows
I've been getting nowhere
That's the way it goes
When all I want is you

Can't you hear the song that I'm singing
Can't you hear the words that I'm bringing home to you
This time, I laid it on the line
I need you to remind
Can't you hear the song that I'm singing
Won't you take the hand that I'm giving
I'm just talking of the simple song of love
? won't go wrong, can't you hear the song
Can't you hear the song that I'm singing
Can't you hear the words that I'm bringing home to you
This time, I laid it on the line

I need you to remind
