Hi [Hi]
We're your weathergirls [Uh huh]
And have we got news for you [You better listen]
Get ready all you lonely girls
And leave those umbrellas at home [Alright]

Humidity is rising [Mmm..rising]
Barometer is getting low [How low girl?]
According to our sources [What sources now?]
The street is the place to go [We better hurry up]

'Cause tonight for the first time [First time]
Just about half past ten [Half past ten]
For the first time in history
It's gonna start raining men [Start raining men]

It's raining men
Hallelujah
It's raining men
Amen

I'm gonna go out
I'm gonna let myself get
Absolutely soaking wet

It's raining men
Hallelujah
It's raining men
Every specimen

Tall blonde dark and lean
Rough and tough and strong and mean

God bless Mother Nature
She's a single woman too
She took over heaven
And she did what she had to do

She fought every Angel
She rearranged the sky
So that each and every woman

Could find the perfect guy

It's raining men
Hallelujah
It's raining men
Amen

It's raining men
Hallelujah
It's raining men
Amen

I feel stormy weather
Moving in about to begin
Hear the thunder
Don't you lose your head
Rip off the roof and stay in bed

God bless Mother Nature
She's a single woman too
She took over heaven
And she did what she had to do

She fought every Angel
She rearranged the sky
So that each and every woman
Could find the perfect guy

Ooh it's raining men
Yeah

Humidity is rising [Humidity is rising]
Barometer is getting low [It's getting low low low low
low low low low]
According to our sources [According to our sources]
