I used to leave work at 5 P.M.
Get home about half past 3
Spending my time out on the town
Cuz there's nothing waiting home for me
I was prone to doubt but
You showed me all about
A brand new philosophy
My life has changed
Him sure rearranged
You made me everything
I wanted to be

I love her 24-7-365
She makes me happy
Every minute I'm alive

I dont need Dr. Ruth
To figure out the truth
I love her 24-7-365

I'm gonna quit watching my tv
Gonna throw my golf clubs away
No more shooting pool and acting a fool
And party till the break of day
Cuz shes the only thing in my whole wide world
That every made me feel this fine
And anything that takes me away from her
Is anything but a waste of my time.

I love her 24-7-365
She makes me happy
Every minute I'm alive

Every second, each day
Till I'm old and gray,
This fascination will survive
I love her 24-7-365

Well its my life at stake
And its tough of me to make
A decision thats long over due

I don't need no resume
I threw it all away
I'm going to do what i was born to do

I love her 24-7-365
She makes me happy
Every minute I'm alive
I don't need no pay
I just want to say
I pray for the day she arrived
I love her 24-7-365
I love her 24-7-365
